Still Better Value In Shoes

Not to long ago it was necessary to pay \$8, \$10, \$12, or even more, for a good, service able pair of men's dress shoes. That such times are happily past is no better emphasized than by the values we now offer in not only Men's Footwear, but also in Women's and Children's as well. It has been a lor g, long time sir ce so much downright service and style could be had in a \$4.00 pair of men's shoe. A better line at \$5.00 will provide the extra all 'round quality you may demand. Our shoes for women, and for the young folks, are equally as good. Recent purchases of all lines are now on sale. And remember - that every pair must give er tire satisfaction or your morey will be refunded.
